- Recruitment
- Terms of Employment
- Discipline
- Redundancy
- Dismissal
- Discrimination...

When it comes to employment, all employers are concerned about the legal risks involved, the worry of keeping up with ever changing legislation and the consequences of getting it wrong.

EmployRight scheme

At Berry & Berry we understand these issues and have created the **EmployRight** scheme to help employers through the legal minefield of modern employment law.

EmployRight is a fixed costs scheme whereby an employer is provided with:

- The statutory statement of terms of employment for all their employees
- A disciplinary procedure
- A grievance procedure
- An equal opportunities policy

These will be reviewed on an annual basis.

This is backed up by an **advice line** enabling employers to talk with a qualified lawyer about any problem that they have in the employment field for up to 12 hours in any 12 month period.

EmployRight enables employers to feel secure in the knowledge that they have the necessary documents and advice to hand at a cost which is fixed.

The cost of the scheme depends on the size of the employers business:

Size	Cost per annum
Fewer than 25 employees	£750.00
Between 25 and 50 employees	£900.00
Between 50 and 100 employees	£1000.00
Over 100 employees	£1250.00

(All prices are exclusive of VAT)
